

Development of teaching material “Development Cooperation”

Type of project	Development work
Status / Period	Completed, 2011
Contracting authority	Foundation for Education and Development SDC (Swiss Agency for Development and Cooperation)
Aims of the project	Development cooperation has undergone huge changes in the last few decades. What is development? What does Switzerland's commitment to development cooperation look like? This teaching material provides a firm basis for such questions and intends to raise students' interest in development cooperation. The teaching material consists of nine modules and one DVD. IZB has developed four of these modules.
Contributions by the IZB	The IZB developed principles as well as four of the modules.
Team	Miriam Aegerter, Team IZB Eveline Steinger, Team IZB
